P.O. Box 2327
Arlington, VA 22202

Dear Sir:

I, Lani K. Wimbush, Supervisor of U.S. Docketing for Knobbe, Martens, Olson & Bear, LLP (the "Firm"), which is patent counsel for Hienergy Technologies, Inc., hereby declare under oath the following:

I have worked for the Firm for fifteen years, 10 years as Supervisor of U.S. Docketing. The Docketing Department is responsible for processing approximately 4,000 pieces of correspondence each month.

On June 11, 2002, the attorney of record in the above-identified matter called the PTO requesting a status of the application. He was told that a Notice of Missing Parts was mailed to our offices on August 13, 2001.

U.S. Docketing's standard procedure for processing incoming mail from the Patent and Trademark Office dictates that all mail is immediately date stamped and photo-copied. The U.S. Docketing Clerk reviewed copies of the incoming correspondence dated August 13, 2001

through October 13, 2001. After reviewing the copies it was determined that we never received the Notice.

I hereby declare that all statements made herein of my own knowledge are true, and all statements made on information and belief herein are believed to be true and are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statement may jeopardize the validity of this application or any granting of the application resulting therefrom.

Respectfully submitted,

KNOBBE, MARTENS, OLSON & BEAR, LLP
